HSFA is a registered national nonprofit public charity. We're working with your County Emergency Management Agency to provide families with a copy of the Local Emergency Operations Plan (EOP) brochure and our disaster preparedness and first aid manual.

With materials, time and fuel, it costs about \$10 per family to deliver these resources. We're asking you to support at least 50 families with a \$500 tax-deductible donation, and we'll put your company profile, including name, address, phone and URL, on the front cover of 50 manuals to recognize you as our sponsor and let families in the county know you care for their safety and wellbeing. If you'd like to donate more, we'll increase your recognition as a sponsor. For example, we'll put your profile on 250 manuals for a tax-deductible donation of \$2,500, or on 500 manuals for a gift of \$5,000.

About the Book

"IT'S A DISASTER!..." helps families and businesses "be aware, be prepared, and have a plan" for most types of emergencies and disasters. The 284-page paperback provides quick-reference instructional bullets in 2-color format. It is not written to alarm people, rather it suggests tips on what folks should think about and do before, during and after specific types of scenarios, as well as how to administer basic first aid. ISBN: 978-1930131224, 284 pgs.
